

This update is only applicable to users currently running Wagerdcu V 4.3 NJ.

Users may verify their current version by opening the WagerDCU application, and taking note of the version number found to the immediate right of the Wager Logo on the main menu screen.

Should you be running a previous version of software, you may order a new installation CD by contacting Robert H. Wager Company, Inc.

Update instructions:

- 1) Download the update (7500_V4.4_Update.exe)
- 2) Double-click on the downloaded file to begin the installation
- 3) Click the button labeled UNZIP
- 4) Click OK when prompted - 1 file unzipped successfully
- 5) Click CLOSE to complete the update.
